

The Arizona Department of Water Resources and  
Central Arizona Project are hosting a

# Colorado River Shortage Preparedness Workshop\*

9 a.m. - noon

April 22

Arizona Department of Water Resources  
Verde Conference Room  
3550 N. Central Ave ~ Phoenix

*The agenda includes:*

- Colorado River conditions and forecasting
  - Shortage declaration process
- When and for whom shortages begin
  - CAP customer impacts
  - Arizona's message

If you cannot attend in person, you can attend the workshop  
via webcast; please contact Michelle Moreno at  
[mamoreno@azwater.gov](mailto:mamoreno@azwater.gov)

**\*Meeting open to the public with a focus on CAP water users, including central and southern Arizona cities, industrial users, irrigation districts, and the federal government together with tribal subcontractors.**
