

# UA Water Partnership Ribbon Cutting Monday, Oct. 6th at Tucson Village Farm

**Join us to celebrate the wise & purposeful use of water in our community!**

*Mayor Rothschild and Arizona Cooperative Extension Director, Jeff Silvertooth will speak about the importance of collaboration for the benefit of Tucson!*

**Pima County Cooperative Extension's**  
Tucson Village Farm and SmartScape programs,  
the **Water Resources Research Center's**  
Arizona Project WET and Conserve2Enhance programs,  
and **Tucson Water...**

have joined ranks to maximize educational opportunities at TVF. New C2E signage illustrates the water conservation techniques TVF utilizes throughout the garden. Visiting students will construct a system to harvest water and quantify the amounts collected using a new Arizona Project WET lesson. The lesson, made possible through a partnership with UA Department of Agricultural Education, SmartScape and Tucson Village Farm, will engage students in this exploration throughout the school year.

*When and where?*

**Monday, October 6 at 9am**
