

An aerial photograph of a vast, arid canyon landscape. The central focus is a large, rounded, reddish-brown rock formation with distinct horizontal geological strata. A river flows through the canyon, curving around the base of the rock formation. The surrounding canyon walls are steep and layered with similar rock formations. The sky is clear and bright, suggesting a sunny day. The overall scene is one of natural grandeur and rugged beauty.

The Metropolitan Water District of Southern  
California

# Workgroup Tasks

Compile Information on Successful Water Conservation and Reuse Programs

Quantify Water Conservation and Reuse Savings to Date

Quantify Projected Future Water Conservation and Reuse Program Savings

# Workgroup Tasks

Investigate the Impact of Historical and Future Water Savings on Colorado River Use and Demand

Identify Phase 2 Activities

Prepare Phase 1 Workgroup Report

# Contact
